Re: MK School Plan 2020-2021 - Re-Entry

tansi, caregivers, youth and members of the Nation,

I thank you all for your patience and understanding during this time with respect to the maskekosak kiskinomatowikamik school's re-launch plan for 2020-2021. Our priority continues to be the overall wellbeing of our students and staff during this uncertain time, and for caregivers to have the confidence to send their children to school. We plan to enforce all health and safety regulations possible to mitigate the risk of COVID 19, and to work with our community supports and external partners to assist us during this time.

As some of you may know, Alberta Education announced their COVID 19 re-entry plan for the 2020-2021 year. The province has decided to implement scenario 1 that is a "near normal operation with health measures in place." However, we must be ready and prepared for all 3 scenarios at this time. Kitaskinaw Education Authority is currently preparing for scenario 2 which states "classes partially resume with additional health measures." We will continue to support our families with their decision if they decide to go with a regular-inschool program at home.

With this information, we will need the support of caregivers to register your child(ren) from August 10th – 21st where we will have a call-in registration (more information on registration will be available soon). We had some families pre-register in June and we thank you, however, we may reach out to you if we require additional information. Overall, this information will help us to create classroom schedules/lists, cohorts, transportation lists, etc. If caregivers register their child(ren) after this window, we ask that you remain patient with us as we will have to implement a 3-5 day processing time to get the above information configured.

We will keep our families and community updated as we continue to plan for September.

Ninaskomitin,

Darcella Kasokeo
Executive Director of Education

C.c maskekosak Chief & Council
Johnathan Kaiswatum, Principal
